Poll conducted by Research Co. on COVID-19 in Canada - February 4, 2021

As you may know, health authorities around the world have allowed the emergency use of nine vaccines against COVID-19. Canada is currently allowing only two vaccines: the Pfizer-BioNTech COVID-19 vaccine and the Moderna COVID-19 vaccine. From what you have seen, read or heard, do you consider each of the following vaccines to be safe for you personally?

	GENDER		AGE			REGION						VOTE IN 2019 ELECTION

Poll conducted by Research Co. on COVID-19 in Canada - February 4, 2021

In December 2020, the Public Health Agency of Canada (PHAC) stated that it expected to have enough COVID-19 vaccine doses to inoculate every willing Canadian by the end of September 2021. Do you think this goal will be attained?

	GENDER		AGE			REGION						VOTE IN 2019 ELECTION
